

SYSTEM #4

www.pipemarker.com

High Temp Pipe Markers

System #4 Pipe Markers are designed to withstand higher temperatures, harsh chemicals and UV fading. Markers wrap completely around the pipe up to 7-7/8" diameter. Larger markers are strapped on with either stainless steel or nylon straps which are sold separately. Printed on durable polyester and laminated to seal in printing. Markers are affixed to themselves with a Tedlar™ sealing strip.

ANSI / ASME Standards Have Changed!

- See Compliance Info Adjacent To Each Legend
- Select Color Carefully
- See Pages 3 & 4 for ANSI / ASME Information

Tedlar™ is a trademark of DuPont Corporation

Advantages

- Temp. Range: -40° to 248° F
- Chemical Resistant
- Abrasion Resistant
- UV Resistant
- 360° Visibility
- No Pipe Preparation Required
- Arrows Included On Each Marker
- No Minimums On Stock Markers

Strapping & Ties

Stainless Steel

3/8" wide .015 S.S. strapping is easy to install and is used in corrosive environments, instead of nylon ties, to secure pipe markers.

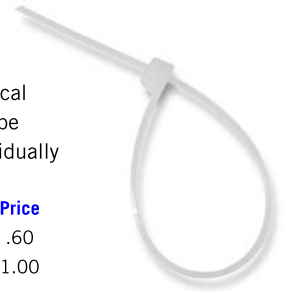

Part #	Size	Price
SSS38	3/8" x .015 x 200' S.S. Strapping	35.95
SSP-38	3/8" S.S. Wings Seals (100/Pkg)	16.50
RTST-1	Ratchet Type Strapping Tool	134.50

Nylon Ties

Fast, easy, and economical method of attaching pipe markers. Ties are sold individually

Part #	Size	Price
NT34	34" Long	.60
NT48	48" Long	1.00
