## Engraved Aluminum

**Brimar** engraves .032 anodized aluminum for a neat, sharp contrast of wording against background color. Ideal for control panels, mechanical equipment, tools, and office equipment. Standard anodized colors are **Gold, Red, Green, Blue, Black, and Clear.**

There is no color fill for these plates, the character color is natural and contrasts with the surface color. Photo gives a close representation to the colors available.

**Brimar** will be happy to size your nameplate. To size a nameplate we need the character size and a list showing what is to be engraved. **Custom sizes and colors are available please call for pricing. Call for pricing on larger quantities.**
